The State Education Department has printed this bibliographic guide to aid New York State schools in improving their collection of reference materials for Advanced Placement courses. The guide was prepared for the Department in the spring of 1965 by:

Mr. James Nolan
English Teacher
Linton High School
Schenectady, New York

Miss Rita Lyons
Librarian
Linton High School
Schenectady, New York

It was reviewed in final form by the Bureau of English Education.

Most, if not all, the books and periodicals listed on the following pages are approvable for 50% reimbursement under the NDEA Title III acquisition program. Materials are listed in $500 groups and should be purchased in such groups wherever possible. The groups are listed in the order in which it is recommended they be purchased; that is, the first group is a basic collection and successive groups build a more extensive collection.

Procedures for 50% reimbursement are the same as for other eligible materials under the Title III acquisition program. Most school administrators are well acquainted with the procedures, Detailed instructions are given in the Title III NDEA Planning Guide published by the Title III Office of the State Education Department. Materials can, of course, be purchased by districts using only their own funds; but if you wish reimbursement under Title III some general rules are given below:

1. Do not order the following reference materials until you have applied for and received approval for their purchase from the Title III Office of the State Education Department in Albany. Application Form A may be obtained from that office.

2. Federal regulations stress the importance of the project in considering items for prior approval. In the purchase of a group of the following materials, the intended use should be justified in terms of the objectives of the school's Advanced Placement Program. Reference to this publication should be included.

3. Order only those items for which actual approval has been given by the Title III Office.

4. Librarians and teachers do not apply directly to the Title III Office, but through their chief school officer.

5. Use Dewey decimal numbers wherever possible, and list each book alphabetically by author. Include information as to publisher, date, and price. (Prices given in this bibliography are subject to change by the book publishers.)

6. Textbook quantities of reference books cannot be approved under Title III.

7. Magazines may be purchased by one-year subscriptions only. Subscriptions should not be renewed each year until approval has been obtained.

Similar bibliographic guides are also available for the remaining ten Advanced Placement subject areas. Copies may be obtained from:
